GAME PROCEDURES  
FOR THE  
POWERBALL® POWER PLAY™ PROMOTION**

**EFFECTIVE: OCTOBER 4, 2015**

**MINNESOTA STATE LOTTERY  
GAME PROCEDURES  
FOR THE  
POWERBALL® POWER PLAY™ PROMOTION**

**1.0. Name of the Promotion**

The name of this promotion that will be conducted in conjunction with the Powerball Game will be Powerball Power Play.

**1.1. Definitions**

The definitions of the Powerball Game Procedures apply to these procedures for the Powerball Power Play promotion.

**2.0. Qualification for the Promotion**

To qualify for the promotion (a "Qualifying Play"), a person must purchase a Powerball Play and pay an additional dollar per play for the Power Play option.

**2.1. Prizes to be Increased**

- A. Except as provided in these rules, a qualifying play which wins one of seven lowest Set Prizes (excluding the Match 5+0 prize) will be multiplied by the number selected, either two, three, four, five or ten (2, 3, 4, 5 or 10), in a separate random Power Play drawing announced during the official Powerball drawing show.
- B. The Group may announce prior to a drawing that the "ten" multiplier will not be available for drawings in which the advertised Grand Prize amount is above a specified amount, but the "ten" multiplier shall at a minimum be available for all drawings in which the advertised annuitized Grand Prize amount is below one hundred fifty million dollars (\$150,000,000.00) or less.
- C. The announced Match 5+0 prize, for players selecting the Power Play option, shall be two million dollars (\$2,000,000.00) unless a higher limited promotional dollar amount is announced by the Group.

**2.2 Power Play Draws**

MUSL will conduct a separate random "Power Play" drawing and announce results during each of the regular Powerball drawings held during the promotion. During each Powerball drawing a single number (2, 3, 4, 5, or 10) shall be drawn. The Group may announce prior to a drawing that the "ten" multiplier will not be available for drawings in which the advertised Grand Prize amount is above a specified amount, but the "ten" multiplier shall at a minimum be available for all

drawings in which the advertised annuitized Grand Prize amount is below one hundred fifty million dollars (\$150,000,000.00) or less. The MUSL Powerball Product Group may modify the multiplier features for special promotions from time to time.

### **2.3. Prize Pools**

- A. Power Play Prize Pool. In drawings where the "ten (10)" multiplier is available, the prize pool for all prize categories shall consist of up to forty-nine and nine hundred sixty-nine thousandths percent (49.969%) of each drawing period's sales. In drawings where the "ten (10)" multiplier is not available, the prize pool for all prize categories shall consist of up to forty-five and nine hundred thirty-four thousandths percent (45.934%) of each drawing period's sales. The Power Play Prize Pool shall be carried forward to subsequent draws if all or a portion of it is not needed to pay the Power Play prizes awarded in the current draw and held in the Power Play Pool Account.
- B. Power Play Pool Account. In drawings where the "ten (10)" multiplier is available, an additional thirty-one thousandths percent (0.031%) of sales may be collected and placed in trust in the Power Play pool account, for the purpose of paying Power Play prizes. In drawings where the "ten (10)" multiplier is not available, four and sixty-six thousandths percent (4.066%) of sales may be collected and placed in trust in the Power Play pool account, for the purpose of paying Power Play prizes. Any amount remaining in the Power Play pool account when the Product Group declares the end of this game shall be returned to the lotteries participating in the account after the end of all claim periods of all Selling Lotteries, carried forward to a replacement game, or otherwise expended in a manner at the election of the individual Members of the Product Group.

### **2.4. Limitation on Payment of Power Play Prizes**

If the total of the Powerball set prizes and the Power Play prizes awarded in a drawing exceeds the percentage of the prize pools allocated to the set prizes, then the amount needed to fund the set prizes (including the Power Play prize amounts) awarded shall be drawn from the following sources and in the following order: (i) the amount allocated to the set prizes and carried forward from previous draws, if any; (ii) an amount from the Powerball Set-Prize Reserve Account, if available in the account, not to exceed forty million dollars (\$40,000,000) per drawing. If, after these sources are depleted, there are not sufficient funds to pay the set prizes awarded (including Power Play prize amounts), then the highest set prize (including the Power Play prize amounts) shall become a pari-mutuel prize. If the amount of the highest set prize, when paid on a pari-mutuel basis, drops to or below the next highest set prize and there are still not sufficient funds to pay the remaining set prizes awarded, then the next highest set prize, including the Power Play prize amount, shall become a pari-mutuel prize. This

procedure shall continue down through all set prizes levels, if necessary, until all set prize levels become pari-mutuel prize levels. In that instance, the money available from the funding sources listed in this rule shall be divided among the winning plays in proportion to their respective prize percentages. Prizes, that under these procedures become pari-mutuel prizes, may be rounded down so that the prize can be paid in whole dollars. Breakage resulting from rounding these prizes shall be carried forward to the prize pool for the next drawing.

### 3.0. Expected Prize Payout

Except as provided in these procedures, all prizes awarded shall be paid as Set Cash Prizes as indicated below:

Regardless of the Power Play number selected, the expected prize payout when the player matches 5+0 numbers, the winning amounts are: \$1,000,000.00, \$2,000,000.00, \$2,000,000.00, \$2,000,000.00, and \$2,000,000.00. For all other matches, combined with the Power Play number selected, the expected prize payouts are as follows:

Match	Prize Amount	10X	5X	4X	3X	2X
4+1	\$50,000.00	\$500,000.00	\$250,000.00	\$200,000.00	\$150,000.00	\$100,000.00
4+0	\$100.00	\$1,000.00	\$500.00	\$400.00	\$300.00	\$200.00
3+1	\$100.00	\$1,000.00	\$500.00	\$400.00	\$300.00	\$200.00
3+0	\$7.00	\$70.00	\$35.00	\$28.00	\$21.00	\$14.00
2+1	\$7.00	\$70.00	\$35.00	\$28.00	\$21.00	\$14.00
1+1	\$4.00	\$40.00	\$20.00	\$16.00	\$12.00	\$8.00
0+1	\$4.00	\$40.00	\$20.00	\$16.00	\$12.00	\$8.00

In certain rare instances, the Powerball set prize amount may be less than the amount shown. In such case, the eight (8) lowest Power Play prizes will be changed to an amount announced after the draw. For example, if the Match 4+1 Powerball set prize amount of \$50,000.00 becomes \$25,000.00 under the rules of the Powerball game and a 5X Power Play multiplier is selected, then a Power Play player winning that prize amount would win \$125,000.00.

### 4.0. Probability of Winning

The following charts sets forth the probability of the various Power Play numbers being drawn during a single Powerball drawing, except that the Power Play amount for the Match 5+0 prize will be two million dollars (\$2,000,000). The Group may elect to run limited promotions that may modify the multiplier features.

Power Play does not apply to the Powerball Grand Prize. Except as provided in Paragraph 3.0, a Power Play Match 5 prize is set at two million dollars (\$2,000,000.00), regardless of the multiplier selected.

**5.0 Prize Payment**

All Power Play prizes shall be paid in one lump sum by the Lottery. The Lottery may begin paying Power Play prizes after receiving authorization to pay from the MUSL central office. Prizes that, under these procedures, may become pari-mutuel prizes, may be rounded down so that prizes can be paid in whole dollars. Breakage resulting from rounding these prizes shall be carried forward to the prize pool for the next drawing.

**6.0 Governing Law**

In purchasing a Qualifying Play in the Powerball Power Play promotion, the player agrees to comply with and abide by these promotional procedures for the Powerball Power Play Promotion; the Minnesota State Lottery's game procedures for the Powerball game; Minnesota Statutes, Chapter 349A; the Minnesota State Lottery's Prize Payment Rules and all final decisions of the Director of the Minnesota State Lottery.
