LONG BARCODE

- 1. On Terminal touch Scratch.
- 2. Touch Schedule Return.
- 3. To schedule partial packs, find lowest ticket number from pack you are scheduling for return. Turn ticket to the backside and scan the **LONG BARCODE** on the back of the ticket. Top box on terminal should fill.
- 4. Next, find the highest ticket number, turn ticket to the backside and scan the **LONG BARCODE** for that ticket. The lower box on terminal should fill.
- 5. Touch Send.
- 6. To schedule full packs, turn pack to the backside and scan the **LONG BARCODE** on any one ticket. The top box on terminal should fill.
- 7. Touch Send.
- 8. Continue with all full and partial packs.
- 9. Once you have scheduled all full and partial packs, touch Exit. Terminal should print 2 confirmation reports.
- 10. Place one copy of confirmation report in the clear sleeve on the outside of the return bag. The second one is for Retailer's records.
- 11. Place all scheduled packs in return bag and seal.
